

# LT135A

Hall Voltage 240mV GaAs Hall Device

## ■ Features

- Small temperature coefficient of the Hall voltage
- Good linearity of the Hall voltage
- Small imbalanced voltage
- Directly DC voltage applicable

## ■ Applications

- Brushless motors  
VCR, CD, CD-ROM, FDD
- Measuring equipment  
Gauss meters, magnetic substance detectors
- Noncontact sensors  
Microswitches, tape-end detection
- Other magnetic detection

## ■ Absolute Maximum Ratings

(T<sub>a</sub>=25°C)

| Parameter               | Symbol           | Rating      | Unit |
|-------------------------|------------------|-------------|------|
| Control voltage         | V <sub>C</sub>   | 12          | V    |
| Control current         | I <sub>C</sub>   | 15          | mA   |
| Power dissipation       | P <sub>D</sub>   | 150         | mW   |
| Operating temperature   | T <sub>opr</sub> | -20 to +125 | °C   |
| Storage temperature     | T <sub>stg</sub> | -55 to +150 | °C   |
| Soldering temperature*1 | T <sub>sol</sub> | 260         | °C   |

\*1 Soldering time : 10 seconds

## ■ Outline Dimensions

(Unit : mm)

As for dimensions of tape-packaged products, refer to page 44 .

## ■ Electrical Characteristics

(T<sub>a</sub>=25°C)

| Parameter                                   | Symbol           | Conditions                                                                                                           | MIN   | TYP.  | MAX.  | Unit |

\*1 No-load Hall voltage is nearly proportional to V<sub>C</sub> (within the range of 1 to 6V) at temperatures of -20°C to +125°C.

Keep the voltage within the allowable power dissipation range.

\*2 Imbalanced ratio is in +/-12% within the range of V<sub>C</sub>=1 to 6V.

$$V_H = V_M - V_{HO}$$

$$\beta = \frac{1}{V_H(T_1)} \times \frac{\{V_H(T_2) - V_H(T_1)\}}{(T_2 - T_1)} \times 100$$

$$\alpha = \frac{1}{R_{IN}(T_1)} \times \frac{\{R_{IN}(T_2) - R_{IN}(T_1)\}}{(T_2 - T_1)} \times 100$$

$$\gamma = \frac{\{K_H(B_2) - K_H(B_1)\}}{\{K_H(B_1) + K_H(B_2)\}} \times 2 \times 100, \quad K_H = \frac{V_H}{(I_C \times B)}$$
